

WED, JUNE 27

SAFER BUILDINGS COALITION PRESENTS: PUBLIC SAFETY IN-BUILDING RADIO BOOSTER SYSTEM CODE SEMINAR

Understand and apply International Fire Code and NFPA 72 & 1221 Codes relevant to Public Safety In-Building Radio Booster Systems for greater confidence, efficiency, and compliance.

Led by industry expert Chief Alan Perdue (Ret.), CFO, FM, MIFireE, Executive Director of the Safer Buildings Coalition, and subject experts from our sponsor members this interactive seminar is based on model codes regarding in-building public safety communications systems.

Agenda:

- General Requirement, Growth Market Opportunity, Basic System Topology/Design
- Cellular Communication vs. Public Safety Communication Systems
- National and Local Code Requirements for Public Safety Radio Communications
- Recent and Planned Code Updates – NFPA, IFC
- System Testing and Best Practices
- Panel Discussion and Town Hall
- *Vendor Exhibits*
