

FOR IMMEDIATE RELEASE

Expanded line of Splitters, Couplers and Loads for Public Safety and Enterprise DAS Applications

RF Industries offers an expanded line of passive components for the public safety and enterprise Distributed Antenna Systems. Additional frequency bands, connectors and environmental durability have been added. Frequency bands include 380-2700 Mhz and 698-2700 Mhz. The new 4.3-10 connector interface has been added to the offering of N and 7-16 DIN connectors. New models are IP67 rated for use in high humidity, dust and dirt environments. Power splitters are available in 2, 3 and 4 way with split loss values of 3, 4.8 and 6 dB. Directional couplers are available in 4.8, 6, 8, 10, 13 and 15 dB values.

Splitters and couplers have a PIM3 rating of less than or equal to -155dBc. Termination/loads have a PIM3 rating of less than or equal to -110dBc and are available in 30 or 50 configurations with N male connectors.

Install confidence with RF Industries line of low PIM passive components for DAS applications.
