

# Reliably Built Wire & Cable Assemblies

## REL-TECH SOLUTIONS

**Rely on us for exceptional quality, fast delivery and the best service.**

From mission critical military spec wire harnesses to fully engineered and integrated OEM solutions, Rel-Tech meets the complex needs of today's leading industries. Our high-quality, cost-effective manufacturing solutions continually exceed the requirements of our diverse customer base.

### ABOUT US

#### Our Roots

In 1986, Rel-Tech was founded in CT to meet industry demand for high-quality custom wire harnesses and electrical assembly integration. In 2015, we became a part of RF Industries, a publicly traded corporation based in San Diego, which has diversified and expanded our capabilities.

#### Our Mission

From management and manufacturing to sales and customer service our goal is consistent: Deliver the highest quality cable and wire assemblies, on time, at competitive pricing and provide the best customer service.

#### Our Team

Our company has decades of design engineering support and cable assembly and wire harness building experience. In fact, most of our staff has been employed for more than 10-15 years. Their expertise guarantees the highest quality products and services.

### WHY CHOOSE REL-TECH?

#### Quality

- Our operations are fully equipped with state-of-the-art manufacturing and quality assurance equipment for the efficient processing of all prototype and low and high-volume orders.
- As an ISO-9001-2015 company we deliver world class quality to our customers.
- Year over year on-time delivery rating of 95% or better
- We have an annual failure rate of less than .5% on critical inspection points.
- All manufactured cable assemblies and wire harnesses are 100% tested to your specifications.

#### Value

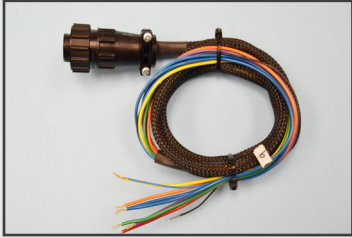

- **On-shore labor** – our products are manufactured and assembled in the USA
- **Proven Track Record** – we bring customers our deep experience and expertise
- **Broad Range** – we are experienced and successful in a wide variety of applications across many different industries
- **Reliable Quality** – we maintain the latest ISO certifications and strive for continuous improvement.
  - We comply with regulations for RoHS and use of conflict minerals
  - ISO 9001:2015 Certified
  - IPC-A-610 IPC-WHMA-A-620 Certified
  - UL Approvals
