

Product Change Notice

Date of Issue: Sep 14, 2026**Manufacturer Name:** RFI (RF Industries / Schroff Technologies)**Title of Change:** Product Design Change**Type of Change:** KM000061-A Manufacturing Enhancement and Design Modification

Change Description For filter part number KM000061-A, the frame material is changing from aluminum to rigid black polystyrene. There is no change to the filter dimensions (21.5" x 36.5" x 4"), and the media continues to be MERV16 rated to support Harsh Marine Environment (HME) applications.
This filter remains compatible with the following shelter DAC Families: AF000401-HME Series and AF000402-HME Series.

Reason for Change: This design change aims to improve our manufacturing process and increase our production capacity. It is also part of our ongoing efforts to enhance production techniques, ensuring that our products are consistently more reliable and of higher quality.
